

September 20, 2020

Dear benefactors and friends,

Due to the persistent pandemic crisis and our concern for the safety and the health of our community, the League Against Cancer will have its Telemarathon in virtual format on **Saturday, November 14, 2020, at 7:00 PM** and which will be broadcasted through Telemundo-channel 51.

As many of you know, the League Against Cancer has been open during this medical crisis. Our non-profit organization continues to provide chemotherapy at our medical clinic, we continue to evaluate new patients, and our volunteer oncologist continue to examine patients in person and online weekly.

The League Against Cancer celebrates 45 years since the creation of our esteemed foundation. But this pandemic, economic crisis and challenging unexpected demands from patients who have lost their health insurance, require more than ever of your spiritual, physical and financial support, to avoid ceasing to provide first-rate individualized medical care to all our patients.

Help us to have one more year to save and prolong many more lives, to lessen pain, to instill hope and to relieve despair; yes, that is what LEAGUE AGAINST CANCER provides daily to those who, for multiples reasons, cannot receive cancer treatment.

We thank you in advance for your generous donation,

Luis Villa Jr., M.D.
President / Voluntary
Liga Contra el Cáncer

Adriana Cora
Executive VP/Volunteer
Liga Contra el Cáncer

Manny Alfonso
Treasurer
Liga Contra el Cáncer
