

**April 5, 2019**

(Léalo en español al dorso. Gracias)

**Dear Donors and Benefactors:**

**One more year and many more lives to save and prolong, to lessen pain, to instill hope and alleviate despair; yes, that is what your LIGA CONTRA EL CÁNCER (LIGA) provides daily to those who are, for multiple reasons, unable to receive cancer care.**

**It has been 44 years since our cherished foundation was created. We have struggled through periods of economic crisis, leadership upheaval, and challenging numbers of unexpected patient demand, but thanks to your spiritual, physical, and economic support we have never failed to give individualized first rate medical care to all of our patients.**

**La LIGA is your creation; we, the physicians and volunteers, are your instruments. We are proud to be supporters of a locally and nationally recognized unique American institution. At the same time, we want you to join us in celebrating one more year of service to our community.**

**Give cheerfully and magnanimously and you will certainly receive God's blessings.**

**We thank you in advance for your generous donation,**

**Luis Villa Jr., M.D.  
President and Volunteer  
Liga Contra el Cáncer**

**Adriana Cora  
Executive Vice President/Volunteer  
Liga Contra el Cáncer**
